COMMITTEE ON FOREIGN RELATIONS

WASHINGTON, D.C. 20510

Executive Registry

83-4329

August 16, 1983

Mr. William J. Casey  
Director of Central Intelligence  
Central Intelligence Agency  
Washington, DC 20505

Dear Mr. Director:

I would like to take this opportunity to discuss the  
Hess & Eisenhardt Armoring Company, located in Cincinnati,  
Ohio.

The company was established in 1876, and is the oldest  
and largest armored car manufacturer in the world. With good  
reason, its 81 managers and workers pride themselves on the  
fact that they have been the chosen suppliers of armored  
sedans for the last nine United States Presidents beginning  
with President Harry Truman. Hess & Eisenhardt can also claim  
as its clients over 25 Heads-of-State, and over 100 cabinet-  
level ministers and ambassadors around the world, as well as  
U.S. Government agencies such as the Central Intelligence  
Agency, the State Department and the Department of Defense.

Their impressive record of achievement has been attained  
through research on and development of proprietary ballistic  
materials which, when combined with the various skills of  
Hess & Eisenhardt craftsmen, results in the manufacture of  
armored sedans which offer full protection from weapons likely  
to be directed against occupants.

Given this tradition of achievement and excellence, I  
highly commend Hess & Eisenhardt to you for consideration in  
filling any vehicle armoring needs you may have in the future.

Best regards.

Sincerely,

John Glenn  
United States Senator
